

BUG REPORT

ID	BUG001
Description	Required validation error in field "What is the date of your birth?" when filled by using calendar button.
Severity	Minor
Impacted scenarios	S03 - Validate the form field "What is the date of your birth?"
Current behavior	<p>Even with the required field is filled, the form is displaying the error message "This field is required."</p> 
Expected behavior	When the field is correctly filled out, the form should not display an error message.
Steps to reproduce	<ol style="list-style-type: none"> Click on the field and then out of it to lose focus and show required validation message:  Click on the calendar button and choose the date by clicking on the ball icon and quickly press tab:  Click out of the calendar and the validation of required fields will break and the bug will appear:
